SUIT THREATENED BY GIRL STRIKERS

Charge Bridgeport Superintendent Told Them They Had Been Blacklisted.

TALK OF FREIGHT TIEUP

BRIDGEPORT, Conn., Aug. 31.-The first legal action by strikers against emplayers since the campaign for better working conditions was begun here is likely to be taken by girl workers of the Blas Narrow Fabric Company, backed by the American Federation of

because their strike committee asserts Supt. J. Price Morris told them they "blacklisted" and that by telephoning around the State he would prevent them from getting other jobs. The Bias Narrow Fabric Company is

dding out against granting recognition to a shop committee. It has allowed the Although an answer was promised this afternoon to the freight handlers on strike at the New Haven railroad sheds, none was given. L. B. Nickerson, freight agent, communicated with railroad officials in New Haven this morning to learn if his company is willing to grant increased pay. He wouldn't say

Strike at this time." T. H. Flynn, or-canizer of the A. F. of L., said this eve-ring, "but unless a change occurs in the titude of the company it is very likely e freight will be tied up between Bos-

ton and New York."

It is estimated that moving freight

Com-missioner of Public Safety Wilson orered Mydosh's Hall closed, and when arlo Tresca and Elizabeth Gurley Flynn arrived an hour late after war lost over most of Bayonne they found their crowd gone and a dozen

bles Will le Transferred.

Harroord, Conn., Aug. 31.—Such incidents as the sudden walkout of fifty of the eighty machinists of the National Marine Lamp Company of Forestville, the presence in Hartford of a conciliation commissioner of the Federal Department of Labor, the reported vote of polishers at the Coit plant to enforce certain demands and the increased unionization of the Hartford subsidiary of the Niles-Bernent-Pond concern all tended to-night to corroborate the fear of a State official recently returned from Bridgeport that the eight hour strike agitation is to be transferred from the. is to be transferred from that city to the vicinity of Hartford and New Britain and that trouble is imminent.

The workmen at the National Marine Lamp Company, most of whom are from New York, want more wages and an eight hour day. Help was summoned from the Bristol police department this noon, when the strikers gathered at the factory gates and jeered the men re-maining at the benches. Commissioner of Conciliation William Blackman of Washington is in Hartford

especially to adjust the three months strike at the Capewell Horse Nail Com-pany, but probably will remain until the present situation clears.

ERIE STRIKE GUARD SHOT.

Couldn't See Assailant in Dark-Wound Dangerous.

HACKENSACK, N. J., Aug. 31.-Ira K. Pool, an Eric detective, whose home is at Gloversville, N. Y., while doing strike duty with a large number of Eric guards at the Edgewater coal piers was

pital.

The Edgewater police say they understood that Pool was accidently shot, but the detective insists this is not so though he doesn't know who shot him. "Just before I was shot," he said

"the cry was sounded that the strikers were coming down the hill. We grabbed up our shotguns and started for the fence near the road to meet them. I According to Health Department statistics, the mortality rate increased last tistics, the mortality rate increa

of me at the time."

The load of small shot struck the detective in the right shoulder and breast. Dr. A. A. Swayze says he considers the wound a dangerous one. Two hundred Italians are on strike at the coal piers. Two Erie detectives were killed there and several others severely wounded by Italian strikers three years ago. Six men who did the shooting are serving long terms in State

Establishing a New Standard of Value at a \$1000 Price

New seven passenger body - divided front seats - extra-length springs - 200 pounds lighter—the first automobile of its quality, size and efficiency to sell at a \$1000 price.

TWO years ago last January, the Jeffery Company announced the Jeffery Four at \$1550—the first automobile of its quality to sell below \$2000. This will be remembered as the car which introduced the

high-speed, high-efficiency motor into this country. Its re-

markable service record in the hands of thousands of owners has established it as the standard American automobile of quality and moderate cost. The Jeffery Company now presents the new Jeffery Fourlarger than last year—roomier—lighter in weight—more powerful—easier riding—and with the famous Chesterfield body—a finer car in every respect than the original Jeffery Four-a car

combining economical operating and maintenance cost with a

road performance which ranks with that of the biggest, highest priced automobiles — at a price of \$1035! Without the auxiliary seats - \$1000! In announcing this car, it is not the purpose of the Jeffery Company to meet temporary price conditions, nor to compromise with an imagined desire on the part of dealers and the public for cheapness. On the contrary, it is the aim and determination of the Jeffery Company to establish the Jeffery Four as a standard car at a standard price — a car which discriminating buyers can drive for a number of seasons without suffering the marked depreciation which has been

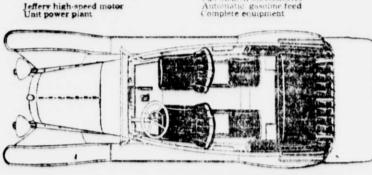

The new Jeffery Four is a quality automobile in every sense of the word - built to maintain and increase the enviable reputation of the original Jeffery Four.

such an unfortunate feature of the automobile business.
